### **The fourth meeting of the European Rural Networks' SG**

---

The fourth meeting of the European Rural Networks' Steering Group (SG) took place in Brussels on 4 March 2016. The main themes of the meeting were the capacity building and the exchange of experience. It was emphasised that there is huge potential in strengthening the synergies between green economy and competitiveness of rural areas as well as building linkages between different actors at European and national levels. Event documents and presentations are published here.

### **The fourth European meeting of the National Rural Networks (NRNs)**

---

The fourth European meeting of the National Rural Networks (NRNs), 2014-2020, took place in Bled, Slovenia, 29 February - 1 March 2016. Its main objective was to support Network Support Units (NSUs) and other NRN stakeholders in identifying and developing relevant activities to improve the implementation of Rural Development Programmes (RDPs). Such activities are expected to include thematic working groups and events; workshops; collection of good practices; and digital communications. Presentations and workshop's reports are published here.

### **Call for the constitution of a European network of rural local authorities**

---

French association of Rural mayors launched in 2014 a call for the constitution of a European network of rural local authorities after organizing the first European conference of rurality in France. Association's objective is to constitute a network of rural local authorities to exchange experiences on the state of rural territories throughout Europe and know the general and specific issues faced by local authorities. This network would ultimately be a mean of representation at the European level and collaborate with all European stakeholders representing rurality. As association's work to create this network advance, they wish to enter in contact with rural local authorities (or associations) from countries everywhere in Europe and concerned by European and transnational questions. ## **For a rural Agenda in the programming period post 2020, 19 April 2016, Brussels, Belgium**

---

The potential of rural areas, in all their diversity, is not being adequately realised in relation to the objectives of the Europe 2020 strategy. It will not be enough to adapt policy: a radical change is needed. Such a White Paper is an essential means of starting a real, broadbased debate on rurality, with a view to a rural agenda for inclusion in the post-2020 programming period. As part of this process, the conference on 19 April is an important step towards taking more account of rural areas in future EU policies. More ...
