

Rural Development Network of the Republic of Macedonia

Ohrid - August /September 2010

www.ruralnet.mk

Establishing the Rural Development Network of the Republic of Macedonia

- Initiative – several civil associations,
- Established and registered Rural Development Network of RM in March 2010
- On grounds of human capacities and knowledge created by activities using the LEADER methodology through MAASP
- The idea for RDN of RM rests on 3 significant processes
 - Professional preparation for setting strong and stable basis for network
 - Intensive external harmonisation of ideas on ensuring participation of future membership and discussions with future key partners
 - Prepare plan on management, financing and fund raising
- The work of the RDN of RM is based on the LEADER principles and the characteristic of the bottom up approach

Establishing the Rural Development Network of the Republic of Macedonia

- Pioneering steps by building capacities of various interested parties by introducing the LEADER method by MAASP support
- Identification of human and natural resources in 16 municipalities
- Development of local groups for rural development
- Rural development – conception
- Cooperation of public, private and NGO sector
- Integrated and endogenous (bottom up) approach in building strategies for rural development and acquiring skills
- Building a network and communication at local and inter-municipal level
- Support in preparation of sub-strategies for rural development in 16 municipalities

Establishing the Rural Development Network of the Republic of Macedonia

Goals of RDN of RM

1. Providing information on rural development at national and international level;
2. Information on activities related to rural development policies;
3. Promotion of inter-territorial cooperation, networking and exchange of good practice;
4. Providing feedback on the degree of implementation of national policies for development in different areas at national level;
5. Increase transparency of measures and realisation of set of rural development policies.
